## KEY DEMAND DRIVERS

### Logan Hospital | Metro South Health

Located 200 metres from the Southwest Medical Precinct, the Logan Hospital is the major health centre for one of the fastest growing regions in Queensland, providing a range of specialty services for children and adults.

The hospital has a maximum capacity of 448 beds. The projected demand for hospital care to service the rapidly expanding population indicates a shortage of more than 600 beds by 2020.

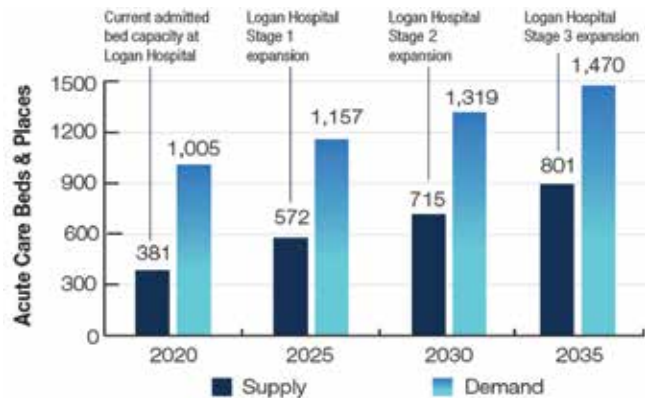

The Queensland Government has committed \$281 million to expand the hospital to increase bed capacity, improve existing services (including maternity) as well as adding chemotherapy services.
